Quarto Document Overview

This example illustrates some useful functionality within Quarto including the following:

OPML Header Options

- ▶ OPML Header Options header
- ▶ Pandoc Syntax Highlighting Examples
- ▶ Code Formatting

Cross References

Cross-references make it easier for readers to navigate your document by providing numbered references and hyperlinks to various entities like figures and tables.

Some Examples

Figure 1 explores the impact of CO2 on...

```
ggplot(airquality, aes(Temp, Ozone)) +  
  geom_point() +  
  geom_smooth(method = "loess")
```
